

Fund Raiser Gala Dinner

SATURDAY 21ST APRIL 2018 - 6.30PM TILL LATE
VENUE: PULLMAN MELBOURNE ON THE PARK

“Enabling the community to become sustainable through education, family support and health care.”

GHCC believes strongly that children thrive and flourish within their family and when supported by the village. Since 2008, GHCC has been working to improve educational opportunities for children, to offer support to families in overcoming poverty and associated factors, and to strengthen community capacity.

Many children in Cambodia are placed in orphanages, despite UNICEF reporting that three out of four Cambodian “orphans” have at least one living parent or close family member. For nearly 10 years, GHCC work alongside children, families and communities to overcome these social challenges, strengthen their capacities and keep children, families and communities together.

Join us for a night out at the Pullman Melbourne on the Park Hotel \$130 pp:
